**¶3.** (SBU) Indonesia faces significant threats posed by transnational criminal organizations and violent extremist networks. Action Request: Mission requests DoD counterdrug support that enhances U.S. and Indonesian law enforcement capability to combat these threats. DoD counterdrug activities will directly support the Mission Strategic Plan by assisting Indonesian National Police and other law enforcement organizations to operate effectively with U.S. and regional security partners. END SUMMARY.

**¶4.** (SBU) Mission requests that JIATF West continue to provide analytical support to the Drug Enforcement Administration (DEA) Singapore Country Office (SICO) through consistent analyst presence at the Joint Inter Agency Counter Drug Operations Center (JIACDOC) in Jakarta, which is operated by the Indonesian National Narcotics Board (BNN). At the direction of the DEA SICO, the analyst will collaborate with JIACDOC and other Indonesian law enforcement entities to develop actionable intelligence for criminal investigations by the DEA SICO. POC is Russell Holske, Country Attaché, DEA SICO.

**¶5.** (SBU) Mission requests that JIATF West continue to fund a DEA agent position in Jakarta to assist BNN in evolving operational effectiveness of JIACDOC and its associated interagency fusion center (IFC) network. The agent will be operationally responsible to DEA SICO, but under the authority of American Embassy Jakarta.

**¶6.** (SBU) Mission requests that JIATF West support development of the BNN National Counter Narcotics Academy in Jakarta. Specifically, infrastructure support would entail student classrooms (with computer-based training capability), barracks, dining facility, and marksmanship range. POC is Russell Holske, Country Attaché, DEA SICO.

**¶7.** (SBU) Mission requests that JIATF West, in coordination with DEA SICO and BNN, continue to assess and develop the

JIACDOC network through development of additional fusion center outstations and/or upgrade of existing facilities. Specifically, developing IFC outstations in Surabaya and Tanjung Priok, and upgrading narcotics office in Nunukan would enhance BNN capability. Post requests that JIATF West continue to support IFC bilateral and multilateral information sharing programs to enhance regional cooperation. JIATF West may continue providing an on-site program manager and information technology (IT) specialist within JIACDOC network facilities to support IFC-related initiatives. POC is Russell Holske, Country Attach, DEA SICO.

POC is Jeff Lischke, Regional Security Officer.

¶13. (SBU) Mission requests that JIATF West support U.S. law enforcement requirements for national tactical intelligence, to include maritime detection and monitoring, imagery and mapping, human and open source reporting, and commercial and national collection and exploitation capabilities.
